The Women's Book Vol 1: A Guide to Nutrition, Fat Loss and Muscle Gain sets out to address the above issues and more. In it, I look at the specifics of a woman's physiology, not only how it differs significantly from a man's, but how its unique characteristics affect how an optimal nutrition, fat loss diet or muscle gain approach should be set up. At over 400 pages virtually no topic goes undiscussed and the book represents a complete resource for women's unique needs.

Featured Books The Book of Women The Mystery of Women (Part 3) The Mystery of Women (Part 3) Psychologists have started calling couples "intimate enemies." They are " because no one understands each other. But the reason is not the woman and the man. The reason is far deeper. It is the head and the heart. So I would like to emphasize the point that the question from the very beginning ...
